Executive Summary

Executive Summary

A concentrated effort has been made over six months to improve the overall operations of the store as outlined below and detailed in the attachments which follow;

Improvement to Operations-

The General Manager has worked with all current staff to make sure training is in place, and that brand standards are followed closely resulting in an overall improvement to Operations.

Revised Staffing Schedule-

Staff was initially hired based on the requirements of the franchise for new stores (over 500 man hours during set up and training). When sufficient sales were not being generated, staff hours have been reduced, select staff were terminated, and other staff were reduced to the level where resignations occurred. The result has been a reduction of over 50% of staff hours from a high of 775 weekly hours reported July 31 to 248 hours in mid-December allowing payroll to be reduced from a high of \$13,191 to the most recent \$4,537 weekly payroll. Payroll hours have remained below 260 hours consistently since November 13 as shown in the full report.

As a percentage of sales, payroll (including manager salary but excluding payroll taxes and marketing/human resources/corporate salaries), the Payroll expense has reduced from a high of 80% of weekly sales to a low of 28% in mid-December. By now increasing sales, the goal is to further reduce this Rate to 21% of sales.

Staff Assessment-

Staff has been individually assessed with follow up one-on-one meetings with each staff member, the General Manager and corporate representatives.

The first assessment was held in October and the second assessment was held in late December. The ADP staff assessment model was utilized both times and is included in this update. All staff improved except one Manager, whose performance was not consistent over the past six months and who resigned after the assessment.

Inventory-

Inventory had not been undertaken either consistently or accurately from the initial set up and opening week. In addition, various errors in the Aloha system seemed to taint the inventory numbers. Over 6 months, we believe inventory reached a level exceeding \$30,000, reducing down to \$15,000 and most recently

Hovering in the \$7800 weekly inventory average where it should remain. Improved planning and ordering has helped achieve this along with a focused And corrected approach to detailed inventory counts and inventory reporting. Now that 2023 has ended, inventory was conducted December 31 so that accounting staff can go back to July to conduct an accurate 6 month food and disposable cost analysis. Inventory reports from Aloha are being run on a timely basis as shown in this report.

Food Cost-

Food Cost has been high since opening date due to training, promotions, giveaways, waste, staff errors, customer problems, etc. And because of inventory counting problems the the cost of goods sold (food and disposables) have averaged in the 40 to 50 percent range until inventory problems were addressed. We now have reported a high of 86% to a low of 27% from our accounting department. The General Manager has reported a recent low of COGS of 21% in late December. Bottom line is that we are monitoring COGS very closely in order to get costs in line and reported accurately as we close out 2023 and enter 2024. Sample Aloha and corporate accounting reports have been included. The targeted goal is 21% to 22% range for food and disposables.

Reputation Management-

The overall ratings of Reputation Management for the initial six months by the franchisor is included which includes select platforms found on line and reported to the brand. Ratings of the Rancho store from the summer months after opening has been generally consistent each week through mid December. Of the top 10 to 25 stores located throughout the country, the Rancho store has been consistently ranked in the "4" rating with ranges from 4.2 to 4.9 out of top rated 5. Ranking has been shared with other stores for the most part ranging from a low of 8th out of the top 10 store groups to a high of 2nd out of the top 8 store groups. The goal is to reach 5 in the first quarter of 2024. A summary 6 month report has been included.

Operation Inspection and Report-

UFG and Great Greek franchisor has conducted three on site inspections in addition to the original set up and training. Based on feedback, operations have improved and will continue to improve so that the Rancho store can be considered a west coast training store for the brand no later than June 2024.

Franchisor Support-

The franchisor has provided support to the Rancho store including marketing, advertising, and subsidized promotions. We look forward to continued support until the Rancho store reaches acceptable weekly revenue levels that are sustainable.

Food Plating-

Concern was raised by the franchisor during the fall of the Rancho team delivering brand acceptable plating both in store and thru 3rd party deliverables. A focused effort has been made to improve this condition so that all plating equals or exceeds the photographed menu items. This has been done thru staff training , monitoring and ongoing documentation (ie photography) of prepared/delivered food items. Pictures of select menu items have been included.

Improved Customer Reviews-

Corporate marketing staff and principals monitor comprehensive customer reviews on an ongoing basis to ensure that local on site problems are identified, addressed and corrected with the goal of minimizing or eliminating negative reviews all together going into 2024. After strategic efforts by local store staff, YELP ranking improved

To 4 star with a successful over subscribed YELP Elite week. The goal is to achieve a 5 star YELP ranking by March 31, 2024. Samples of various platform customer reviews have been included.

Marketing Promotions-

Significant marketing promotions have been undertaken since opening date based on brand leadership and nationwide efforts. Additional store specific promos have all been Provided from facebook advertising to geofencing targeted marketing offering promos to track results. Its an on-going effort with the goal of providing less free meals while incentivizing new customers with low cost promos. Store management has tracked select promos and we are working to ensure all tracking all promos are reported and tracked to assist with future activities, and to ensure correct budgeting. Select tracking has been included

Community Engagement-

From Community Day supporting a local high school sports team to providing free lunches to the 20 member Rancho Chamber Board of Directors, to a local Church program, community engagement was started in 2023. There is much more that needs to be done to ensure Great Greek becomes a local brand in the Inland Empire that patrons ns will support on an ongoing basis.

Operating Statement-

Financial analysis of each two week operating period has been reported from initial opening thru December to monitor losses. Two week losses ranged from a high of \$44,700 to a low of \$9,300 in the middle of September as shown in this report (cumulative loss of \$235,900 thru December 31 with an additional \$73,000 loss including pre launch and corporate allocation). Despite aggressive attempts to secure holiday catering contracts, the month of December ended with a \$33,000 loss before any regional or corporate allocation.

Improvement to Operations

The following areas have been trained and implemented in order to improve stores overall performance.

Line built training: Line built training was a month-long project that needed to be put in place in order to ensure plating was meeting standards.

On a weekly basis we highly focused on 3-4 plates to ensure every line cook and cashier/expo knew the standards in place. (Ensure all orders left the expo window accurate was a huge focus.

Cook training: due to low sales and having to cut labor, we highly focused on ensuring all line cooks know how to safely cook while meeting the standard around quality.

Cross training: due to low sales we had to adjust schedules, this meant Gyro station/salad station cooks had to learn both lines.

Cashier to expo: due to sales we had to cut the expo position, ensuring the cashier knew how to multitask and work both stations and attend a dine in 80% + in sales was a huge focus.

Food knowledge: ensuring team members constantly taste food and know how to describe it has been a daily focus, this has helped with knowledge shared with guests.

Food management: ensuring every single store employee knows and understands the importance of minimizing mistakes, overcooking food and the importance of portioning was heavily implemented during our line-built training.

Prep team training: is utilizing tools and constantly/heavily focusing on recipe cards has ensured our food has a consistent taste.

Store walk thru: ensuring managers have a daily routine during opening, shift change, and closing have improved station validation and overall efficiency. This has given us the opportunity to cut labor. The opening manager is now opening every station, due to sales.

Google	Jessica Yslas	Food was amazing. Originally tried to order online but was not working for some reason called in the order they had it ready when I got there. I have tried lots of Greek food out here so far but this one hits the flavors out of the ball park.	5
Google	David Esposito	Delicious food, great service, and clean.	5
Google	Frost Reaper	Everything is grilled fresh. The restaurant is clean and the staff is friendly. my favorite Mediterranean Grill.	5
Google	Petter Pan	Came in Tuesday for lunch. My lamb and steak were cooked perfectly to my standards. I will be trying more menu items on my next visit.	5
Google	Arturo Vera	Came here opening week. I used to drive out to Vegas to eat at this place. Food is great, consistent to what I was used to in Vegas. Take it easy on the staff. It's a new restaurant, so routines will take some time. Wait for food was about 20 minutes, I did come right around noon. I will definitely be coming back as it's the best Greek food we we've had in the area. We had the great Greek gyro sandwich, feta fries and the gyro plate.	5
Google	Cristian Lucero	Food was really good, the tzatziki tasted better than most Mediterranean joints. Price isn't terrible for the amount of food they served. Service was incredible! Definitely will be coming back.	5

Google	Michael Brugger	WOW - the food is delicious at the Great Greek. We walked across the street from the Four Points Sheraton and glad this restaurant was open. I had the chicken skewer salad and my friend had streak and Feta Fries with the side Greek salad . The chicken was really tasty and I got a chance to try some steak also. This is some of the best Greek food around and the tzatziki sauce is yummmmy 😊 Overall, great place and reasonable prices for what you are getting. I am glad they have these opening up in Sothern California and will be back to this location next time I am in town.	5
Google	Mark Oberholtz	Food was amazing. We were very impressed with all of the variety of Greek specialties from the menu. Especially the deserts.	5
Google	Richard Matney	A new Greek place in town and it was good! Brought the family and they loved the Great Greek! Everything we tried was made fresh to order, with savory seasonings, tender meat and flavorful creamy sauces. And most were made in house. I especially enjoyed the euro with crispy feta fries. My son loved the Athenian lamb burger and the shrimp skewer. The creamy hummus and tzatziki sauce with homemade pita were our favorite apps and we loved the baklava ice cream with baklava! Yes we ate a lot and tried several things. The service was so kind and knowledgeable - we'll definitely be back and you should also check it out!	5

Yelp	Emily L	We came on grand opening day with no expectations. Service was super friendly off the bat! Everyone we came across was helpful and very hospitable. They're still in the training phase so be patient What we ordered: Steak Souvlaki Plate - the meat was a little over cooked but flavorful. The salad was super fresh. The tzatziki was super thick and creamy Lemon Potatoes - pretty good but expensive for the portion Baklava Ice Cream - I would come back just for this. Perfect summer treat	4
Yelp	David P	Today was the Grand Opening Food was delicious, Customer Service was outstanding. Looking forward to going back and trying other items on the menu.	4

Yelp	Suzie E	I can't believe this restaurant made their way to southern California!! I used to visit the one in Henderson when I covered that territory for work and I fell in love with their salmon rice bowl. I've missed it so much since my territory changed. Now it's here and I'm so excited! I highly recommend it, service, food and can't beat the kindness of the manager Edwin! As they say in Greece OPA!! Glad I bumped into this place again. Very happy camper	5
Yelp	Meghan K	Tonight, I ordered the large Greek salad with gyro meat (to go). It was the best Greek salad I have ever had. Everything was fresh - crisp lettuce and veggies perfectly mixed with just the right amount of feta. I ordered the dressing on the side because I'm pretty picky about salad dressing and usually make my own. But this dressing was fantastic and I ended up using all of it. Also, the gyro meat was amazing and they packed it in a separate container which I really appreciated. Overall, this place is a 10 out of 10 and I am so glad to finally have an awesome Greek restaurant close by. I will absolutely be ordering from this place on the regular.	5
Yelp	Heather R	I absolutely loved my lunch! Gyros and baklava were so tasty and fresh, I couldn't wait to share with my coworkers! I asked about catering and they gave me several options for my next event. Booked them with out any hesitation!	5
Yelp	Ron L	Definitely an interesting place to have lunch. Place has only been open less than a week. Very spacious and clean inside. They have menus to look at or you can order from the menu behind them. My steak kabob ordered medium could have had a bit more seasoning... but was still good. My shrimp skewer disappeared before my eyes. Everyone grabbed a piece before I could snap a photo. Pigs! But that was a very tasty well seasoned shrimp kabob. The salad had feta cheese on salad dressing on it and was very fresh. Hummus was dialed in and they give you a large amount of pita bread. There is soup.... forgot the name.. but it's like chicken soup with rice that was very good. Service was great and awesome.	4
Yelp	Sarah L	I've read some of the reviews and at first it got me scared to try it even thou for a while my husband and I were so excited about this place even before they were opened lol Anyways, very clean place and workers were all so wonderful esp Gaby who took our orders. Hubby and I ordered two diff types of Gyros also feta fries. Food came out to be really good!! Fresh, great quality, and worth your	5

		money. I think customers who had bad experience just need a little bit more patience esp they're just opened and majority of people work here seems to be like college students.	
Yelp	Joy M	I read the negative reviews and decided to try it for myself. I got the Greek salad with salmon and it was sooo yummy I really enjoyed it. We also ordered a chicken/steak skewer plate and that also was good and fresh. Employees were very nice and kept checking up on us. I will be back!	5
Yelp	Marchie A	Delicious food, clean restaurant, great service! Came here for dinner on Friday night, a very friendly & nice worker took our order her name is Emani/Imani (I hope I spelled her name right?!), we ordered a great Greek gyro sandwich & a chicken souvlaki plate, both was good! Ordered a baklava to go, didn't take a pic, I gobbled it down when I got home. Will come back here for sure!!!	5
Yelp	Marie B	Food and service are excellent. My husband and I have been 4 times and had gyros with every kind of meat, hummus, tzatziki, spanakopita, kabobs, Greek salad and desserts. All were made FRESH to order. We are hooked!	5
Yelp	Mindy P	Food was delicious. BUT...The service needed a lot of work. Two of us got our food and finished, while the other three in our party sat without anything. Also witnessed a manager yelling/scolding at an employee which seemed very unprofessional. We will probably try again - after they've been open longer to work out their kinks.	4
Yelp	Al O	Great fresh Mediterranean food , nice to have options to eat. We had the chicken, steak skewers it was delicious, rice was perfect and Greek salad was fresh and delicious!	5
Yelp	Collen W	Just tried this new place the food was very good . I don't think it been open very long the service is a little slow and they seem not organized. I will give a month or two then try it a one more time	4
Yelp	Allyson D	I had a very good experience. The staff was nice and attentive. The food came out pretty quick and was hot and cooked perfectly medium. The rice was fresh and delicious. Disappointed they ran put of Baklava. Will definitely be back.	5
Yelp	Jose P	If you're a fan of zatziki, you must try the one at the great Greek . It's a flavor explosion! The creamy yogurt, the crisp cucumber, and the subtle garlic blend together beautifully. Dip your pita bread or drizzle it over your gyro, and you'll be in taste bud heaven. Opa!	5

Yelp	Zenobia B	I had this spot once in San Diego and it was so good! I was sad that I'd possibly never have it again until I discovered there's one here in Rancho Cucamonga! I read the bad reviews and was worried, but decided to try it anyways. My experience was excellent and the food was just as good as in San Diego (though I do think the chicken was a liiittle dry in comparison, but still edible in the gyro)! I got the Great Greek Gyro with chicken and the Feta Fries as a To-Go order. The restaurant looked clean and inviting, the cashier was nice and friendly. Overall, a great experience!	5
Yelp	Ben B	Anyone looking for a good Gyro should give these guys a try. Stopped by Tuesday on my lunch and was met with a young girl behind the counter that was pleasant and very helpful. Food was great, had a Gyro and French fries.... Much better than daphnes down the street, flavors were on point. I think my favorite though was the tzatziki sauce... some of the best I have had. I can see myself coming here regularly for lunch. Good job guys!!	5
Yelp	Rick A	I am Greek and I know Greek food. This food was the best Greek food I have ever had. I often look for Greek restaurants in different cities in So Cal and many times are disappointed but not this time . They get it. I took my whole family and they all agreed the food was absolutely fantastic. Our favorite was the 4 dip combo and the Baclava Ice cream. I can't wait to go back .	5
Yelp	Jill H	The reviews look like a coin toss but I brought my team of employees here, specifically because we wanted to support a small local business and I had already tried the food multiple times and it has been great every time. We had 10 in our party. Everyone ordered something different from gyro to steak to chicken, salad and plates and a few got the feta fries. Everyone has their food in less than 20 minutes, enjoyed everything ordered and cleared all the plates. They even brought us little cups of ice cream on the house to thank us for our service. Go try it for yourself. Have some patience. Have some grace. Everyone is trying these days and the public doesn't always make it easy or help.	5
Yelp	Adrienne F	Good food ! Will definitely come back! Service is awesome as well , very polite and helpful!	5
Yelp	Steve S	My wife and I just ate heat and it was delicious. The staff was friendly and their service was great. We will definitely be coming back.	5

Yelp	Pedro A	I just had a great meal gyro wrap, fries and a drink This place food is tasty and delicious My wife got the food to go order and I am telling you, if you are in the mood for some Greek food just give this place a try to eat some excellent Greek tasty food I am coming back soon Enjoy your meal !!!	5
Yelp	Cristalina A	My husband & I are excited this came to the neighborhood! We always visit the one in Vegas. We both love the Gyro combo. Tasty & like the crispy fries. Their salad is great too! Great service, fast & very clean & spacious location! Definitely recommend.	5
Yelp	San T	Good was very good. I tried the sandwich, the salad & the salmon. Got the baklava & rice pudding. Everything was delicious. Only thing was that that the salmon was a little undercooked, but very tasty. I will be returning.	5
Yelp	James C	The food is really fresh and delicious here! Service was good and the atmosphere is nice and clean. Great choice if your looking for a Mediterranean bite for lunch or dinner.	5
Yelp	Ricky D	The food is great. Customer service is even better! No complaints, the place is clean food is amazing.	5
Yelp	Erwin D	The food here is delicious!! Great customer service and super friendly, I'll be coming back soon.	5

My coworker and I stopped at this new place, that she raved about after looking at their website. Their web menu looked very good, however, after visiting the Great Greek Mediterranean Grill, I was impressed.

Mike the GM at the store was very welcoming and did not hesitate to help me make up my mind on the Athenian Burger. I am glad he gave me his opinion... the Burger was excellently well cooked to my order, the sauce with the Angus beef was well-balanced. I decided to order the combo in order to try their Feta Fries. The food was delicious and the customer service was well-received with a friendly smile. After the meal, I ordered their Baklava ice cream, and let me tell you, it was such a great treat... Delicious!!!

Overall, its a great place and great people. I will definitely be coming back :)

Food was a 3/5 but I'll put an asterisk on that because I ordered takeout and things always taste better in house.

Customer service was 5/5!

Food, we got a chicken wrap (with side salad and their feta fries), salmon/rice pliat plate, the dip sampler.

For the sampler one of the dips I ordered was hummus but they were out so they subbed for an extra eggplant dip. The dips were ok -- I like the tzatziki, the Tirokafari is tasty but rich! Good in small quantities and even though I love eggplant the melitzanosalata was a bit too smoky for my tastes. Hoping to try the hummus next time! The pitas were good, tastes fresh and soft. We reheated them at home and they were good!

The chicken wrap was big! Can go to one hungry person or be shared for sure. Chicken was tender. Had fresh crisp toppings, just a little too much feta. We love feta but it was stacked, kinda took over the flavor of the wrap.

It came with fries on the side. We got the feta fries, fries are never at their best for take out but we threw them in the air fryer at home and they were good! I would just get regular fries next time. Seem like they'd be great fresh.

I feel like the wrap is close. Couple adjustments and we'll try it fresh next time. Promising!

The salmon rice plate was good 4/5. Also big! Has a nice unexpected spicy seasoning on top, it was good with some of the tzatziki. No complaints. Got the side salad. It's pretty basic no frills but did the job.

Their customer service is great. The dude working the front was super nice, ran out to my car to give me something I left behind, and had a full head of hair that would make any 40+ year old man envious.

The customer service is what will bring us back to give it another shot! Will report back! They're fairly new in rancho and we want them to succeed!

We were a party of three and each ordered something different. Chicken was cooked but the texture was harder than you expect to be. The other items were fine and service was great and we were well taken care of.

The place was orderly and clean.

Not a bad option for "fast" food Greek... If you have the time. I've been here on three different occasions during my lunch hour for work. Each time it took quite a while to get my food.

First time I figured it was because a huge party (about 30 people) basically walked in just after I ordered and they took over the place. By the time I got my food my lunch hour was almost over. Ok, I get it. You got hit with a huge rush all at once. Totally understandable.

Next two times the place was virtually empty, yet it still took a good 20 - 25 minutes to get my food. And this, with what seemed to be a fully staffed (almost overstaffed?) crew.

Well aside from the wait time, the food itself was mostly quite good. The burger was good, but maybe not worth the asking price. The chicken pita I felt was much better and worth getting again.

Overall I'd go back here for a bite, as long as it's not on my lunch hour.

I went to the Great Greek Mediterranean Grill a couple weeks ago for lunch with my daughter before stopping at Victoria Gardens and was satisfied with everything I ate. Staff was friendly and we were greeted right away. I had their four dip combo with pita bread. I got their Melitzanosalata (roasted eggplant puree with garlic, olive oil, & lemon juice), Tzatziki (Greek yogurt with cucumbers, garlic, & fresh dill), Hummus (garbanzo beans crushed with garlic, olive oil, & lemon juice), and Tirokafteri (creamy Greek feta with spicy roasted peppers). They were all so good and have to say my favorites were the Tirokafteri and Melitzanosalata. I also got the Great Greek Gyro and it was delicious. I got it with with the gyro meat (beef/lamb), lettuce, red onion, tzatziki, and feta. My daughter had their chicken strips with fries and salad. She enjoyed everything. For dessert, we wanted to try the baklava ice cream and it was super yummy! It was very creamy and loved how they add crushed baklava into vanilla ice cream and top it with honey. They just recently opened last month so the restaurant is new, clean, nicely decorated, and there's plenty of seating. One of the managers came to talk to me and mentioned how all the food is made fresh to order and they use quality ingredients, so it may a little bit to get your food but it's well worth it.

Found this place randomly...its really hidden ans not in the beat location. Buy we love Greek/middle eastern food so excited to try it. We ordered 2 gyros and 1 chicken/beef skewer plate. They forgot my salad that came with the plate, and the meat lacked seasoning/salt and chicken was a bit too spicy for my toddler. In addition, the meat was too charred and tasted burned. So I would like it more juicy and not burnt. But the rice tasted delicious! But the gyro sandwiches, as well as the melitzanosalata, tasted really good! I like this place and we will probably come back if we are in the area!

A solid 4 star, if I could give 4.5 I would. Ordered a Gyro for pick up on Uber Eats. Walked in and didn't get helped for a few minutes, but I will say the chefs and folks taking orders were hustling with all of the online/call in orders coming through. I was about to be given my food, but the tall gentleman with glasses double checked and realized the order was slightly incorrect. I ordered the gyro without feta and there was feta on it. He asked the cooks to make a brand new one for me without me even saying a word which was incredible to say the least. On top of that, although the gyro was \$14 after tax, the size and girth of this thing was insane. The amount of meat you get definitely makes the price hike worth it! This could've easily been a 2-3 star experience but with the help of the great staff and urgency they automatically displayed, this was a solid 4 star experience. Great job!

The food was to die for and service by manager Edwin who quickly fixed an error in the order and gave us heavenly Baklava ice cream when out of rice pudding. The beef was tender and huge portions. The greek salad, dips and grape leaves awesome! We will return!

Karen G My husband and I had the Athenian burger, gyro, feta fries and baklava ice cream. Overall everything was delicious and the customer service was great. I look forward to visiting a second time and trying something new. The venue is very nice and clean too.

Crystal D We were a party of three and each ordered something different. Chicken was cooked but the texture was harder than you expect to be. The other items were fine and service was great and we were well taken care of. The place was orderly and clean.

Joanne J We'll you know it's good if 'oh my god' comes out of your mouth as the food goes in (I had the Souvlaki Plate with Australian Lamb). My husband got the Greek gyro and it must have been good because I wasn't offered even a taste. The Greek salad to start is refreshing and I could eat those kalmata olives until I swelled into oblivion. The Baklava is insulin worthy.

Nelson A Great food great customer service! Juliet and Micheal were awesome! And the food was delicious! 100% recommend!

Dante C Stopped by for lunch. I tried the lamb souvlaki with a side of melitzanosalata and Feta fries. The food was delicious! The lamb was moist and seasoned well. The Feta fries were awesome (don't ruin them with ketchup). Finished with some Baklava ice cream drizzled with honey. Just a FYI, this is not fast food. It's great food served fast! Will be coming back again!

Nice, clean restaurant with very friendly staff and delicious food at reasonable prices. We went in about 2 pm on a weekday and there were quite a few people inside and ordering. We ordered the Great Greek with Feta Fries. Everything was awesome and served quickly.

Our family loved the Great Greek!

Everything we tried was made fresh to order, with savory seasonings, tender meat, and flavorful creamy sauces.

I especially loved the lamb and steak skewers with crispy feta fries. My son loved the Albanian lamb burger and the shrimp skewer. The creamy hummus and tzatziki sauce with homemade pita were our favorite apps, and we loved the baklava ice cream with baklava!

The service was so kind and knowledgeable - we'll definitely be back!

Adecuado para niños. My 8yo loved the lamb burger, tzatziki dip, pita, shrimp, lamb skewers, and the desserts, of course! Lots of yummy flavors for kids, not just the typical hamburger or fried chicken.

Came here opening week. I used to drive out to Vegas to eat at this place. Food is great, consistent to what I was used to in Vegas. Take it easy on the staff. It's a new restaurant, so routines will take some time. Wait for food was about 20 minutes, I did come right around noon. I will definitely be coming back as it's the best Greek food we've had in the area. We had the great Greek gyro sandwich, feta fries and the gyro plate.

Great manager for this place, he is always on point with the employees when he is there but when he is not, slightly different. However food is great, gyro is awesome complements to the kitchen staff, I have been here 4 times and they still make it same way and have never skipped meat or sauce. Highly recommend coming here.

I called ahead to order, as I didn't have a huge window of time between an appointment and then picking up my daughter from school. Michael was fun and friendly on the phone, but with me being in a hurry, it didn't come across superrr well as I feel like he spent extra time kind of joking around. When I finished saying the order, he said it would take about 12 minutes. In the end, from the time I hung up the phone until the time I got my food, it was actually 25 minutes and I ended up being late for school pick-up. :(

For the food itself, everything was really good!! I had a souvalki mix plate (lamb and steak) with a side salad and rice, as well as a drink and baklava. The meal was really tasty! The rice was yummy, too, and was a generous portion size! The baklava was also a nice size, but makes sense at the \$6 price.

They did good with my request not to have onions on my salad, but they made one big mistake: I had clearly ordered feta fries instead of the rice. I noticed only when I was already in the car driving away, and of course I didn't have time to go back. I was super sad because I had been looking forward to the feta fries, but at least the rice was yummy anyway.

The price for the side falafel is not worth the amount of falafel that you get. I received 4 small falafel on top of the salad for \$5.61. I think it should be larger falafel or more small falafel and less salad. I ordered side falafel, not side salad.

This was my first event in the Inland Empire, thank you for organizing this event! I dropped by for a late dinner on Sunday and grabbed my side greek salad, grilled steak entree (medium), and baklava to-go.

The salad was very crispy and refreshing. The steak was a bit over-cooked for medium and the rice was a little on the salty side but very delicious! I loved the tzatziki sauce on the side. The pita was also really soft and delicious! I wanted to try the baklava ice cream but unfortunately they were out so I opted for the baklava instead. I shared with my friend and this was our first time trying baklava. It was really delicious and not TOO heavy.

The service was great and I was quite surprised by how busy it was for a Sunday evening. The food was a bit of a wait, but that's how you know it's fresh!

Thank you to the Great Greek Mediterranean and mylesha for setting this up!

Came in on Monday and they served us right away. Mike was really great !! very attentive and answered all the questions I had about the food.

The inside was clean and there were fresh flowers in every table. There's a couple of TVs around the room.

The food is great. Freshly made. I ordered the chicken plate with a side with feta fires and let me tell you the fries were amazing!! Honestly to die for. You would think the feta would be overpowering but it was honestly perfect. The portion size is pretty decent. My husband and I shared.

Also tried the baklava and it was super good. My husband hates sweets but he loved it.

It's a definite must try. Will be coming back

Thank you so much Yelp and The Great Greek for putting together this event. I would have never even know of this place opening if I hadn't attended this event.

We were just at Greek fest, so I had recently had a Gyro and decided to get an entrée plate. I wanted steak, but was told I was only allowed to get chicken as my choice. I'm looking at everyone else's reviews and they were able to choose another option, so I'm really bummed out about that and not sure why I was limited. My plate came with a salad, a side, soda and a dessert. I got the feta fries, and baklava ice cream. The girl helping us was really nice and we placed an additional order for my husband to try the chicken Gyro and we shared a plate of hummus.

The chicken plate wasn't bad. I'm Armenian and my family makes kebab all the time. I'm over the chicken lol, so not a chicken fan. I just did not enjoy it the way I would have enjoyed the steak. The hummus was a bit more clumpy than smooth, but was delicious along with the pita bread. The salad was massive, so I only got a few bites. My husbands Gyro was so good, I wish I had gotten that instead. I do also like that they had garlic hot sauce near the soda fountain and it gave our food a little kick. We got the baklava ice cream to go and even though it was so cold, it had gotten a little melty. It was really good though.

I would definitely come here again and order their gyro. The price is reasonable for that, but I think the price for their plates is a little high. My comped Yelp meal was almost \$40 (entrée, drink, salad and dessert) and that's just for one person. I'm just really bummed I was limited in only getting a chicken option and was really looking forward to trying something else, but I hope The Great Greek does well and stays busy.

I have not loved rice pudding more until this moment. I came here for the gyro wrap but I left here without it and in love with something I didn't expect myself to get. I had my eyes set on the wrap but I asked the worker for his recommendation and he suggested the chicken breast souvlaki plate. It came with two skewers, pita, and rice. The skewers were unfortunately kind of dry but dipping it in the tzatziki added a bit of moisture back. The rice was kind of salty for my preference so I ate the pita instead, which was not the fluffiest I've ever had but still satisfying. I'm happy we were also offered the Greek salad because I felt like my meal would've been incomplete without some greens.

What I loved even more was the dessert. I had three options: baklava, baklava ice cream, or rice pudding. I read someone's review on how good their rice pudding was and I was sold. The verdict...they were RIGHT. It had a good bouncy and chewy texture from the rice but still creamy without being overly sweet. They added the right amount of cinnamon and I can honestly say it's the best rice pudding I've ever had. Now I have to go here every time I crave it because the grocery version will not do it justice.

The inside was very clean and modern with plenty of seating. The workers were all very nice and they brought the dishes to my table when they were ready.

Thank you Mylesha, Yelp and the Great Greek Mediterranean Grill for such a nice event!

Michael was an absolute gem, his friendly demeanor and attentive manner made this experience all worthwhile. Micheal and Edwin the other manager stop by at every table to greet the customers and check in on us.

I've been here before the Yelp event and Micheal continually has a friendly conversation with each of his customers, today was no exception.

I had the souvlaki plate a choice of chicken breast skewers, steak, lamb or shrimps skewers. I opted for chicken breaks and beef tenderloin skewers, with rice pilaf, pita and tzatziki and a side of salad and baklava for dessert. Self service on the fountain drinks.

Wow! The flavor here were consistent to my last visit prior. The chicken breast cooked perfectly moist and full of flavor. The beef skewers cooked to my preference medium rare, Soft and tender. (It's a slightly salty for my taste, but with a spritz of lemon juice and tzatziki it balance nicely.) the souvlaki plate portion is big, definitely made to share with a friend.

Clean and inviting atmosphere, plenty parking spaces available.

Thank you to Mylesha and The Great Greek Mediterranean Grill!

My daughter and I visited The Great Greek Mediterranean Grill on Sunday afternoon and it was busier than we expected. The line wasn't long but there were only a few vacant tables.

The restaurant was clean. The area to the bathroom area was clean and the soda area was clean. The only thing I noticed was that there wasn't a clearly defined area for trash. This could be a potential problem. If the trash can was underneath the soda bar we didn't check as there was no sign or label indicating thus (and we didn't want to open the cabinets to check).

The service was pretty good but at points the staff seemed visibly overwhelmed. My daughter and I waited near the soda bar after placing our order since there was limited seating. After about ten minutes of waiting we turned around facing the front and were asked if we had a question. I said no just waiting on our order.

We moved to the side near the window and eventually found a clean and vacant table to sit at while we continued to wait. It took about fifteen minutes for our food to be ready but it was worth the wait. I could see myself eating here for lunch often if we lived closer.

I placed a to-go order for the falafel wrap for my Yelp event experience, with feta fries and baklava. It also came with a drink and a red Yelp swag bottle with the white Yelp logo. The food was delicious. The falafel was softer than I'm used to but it was seasoned well. The tomato and lettuce were fresh and crisp. The tzatziki sauce was creamy and cold. I really like that there was a generous layer of hummus at the bottom of the wrap. The feta fries were amazing! Everything was amazing and flavorful.

I also ordered and separately paid for a falafel wrap for my daughter. She enjoyed it immensely. It was so filling neither one of us finished our wraps and had leftovers for dinner.

Coca-Cola

Green Salad

Baklava Ice Cream - Crumbled Baklava - Vanilla Bean Ice Cream - Honey

Replaced Order

Two Skewers of Grilled Chicken Served with a Side Salad, Tzatziki, and Pita Bread Plus Rice Pilaf

Somehow the rice or beef meat felt salty so I told the cashier and she kindly replace it with a smaller plate of Chicken. The chicken was good but it was dry and not juicy enough.

The indoor decor look really nice. They have tables inside and outside.

I will definitely come back with my family who are vegetarian as they love to eat falafel.

Sorry for the late review.

Thank you Mylesha and Yelp for this event! I thoroughly enjoyed the food and experience. My new Mediterranean spot.

The service was great. The guy at the register really knows what he's doing.

I ordered the Lamb kebab plate with Baklava as for my dessert.

The Greek salad was great. Their dressings was a perfect blend of zest. A lot of other places' dressings are alittle too sour for me.

The lamb kebab was so tender and flavorful. It was just the right amount of spice! The rice was also perfect.

The baklava was alittle too sweet for me but nonetheless, it was absolutely delicious! Totally worth it!!!

First , thank you Mylesha ,IE CM , for this opportunity to participate in this Elite Week!

Last but not least , a million thanks to GREAT GREEK MEDITERRANEAN GRILL for offering it's YELP Elite way with

one (1) fountain beverage,

one (1) small Greek salad,

one (1) any gyro, rice bowl or entrée,

and one (1) Baklava, rice pudding or cookies .

Very generous offering to taste their authentic flavor dishes!

I ordered the medium cooked

Grilled Steak Souvlaki which was served with 2 Skewers of Tenderloin Steak over Rice Pilaf, and sides of quartered sliced Pita breads and Baklava for dessert.

Tenderloin steak was cooked to perfection and very tender.

Although the meat was on the salty side , it balanced the flavor when I squeezed lemon on it , then dipped in the Tzatziki sauce and eaten with rice pilaf !!!! Yummmmy!!

I'm a person with sweet tooth so I was expecting the Baklava layers to be drenched with buttery syrup but top layer was dried phyllo crust.

The staff are friendly and we were treated with outstanding service, making sure we were satisfied.

I love the red color theme of the dining area . Very spacious with a lot of seating space around and distances between tables.

Will for sure try to come back another day to try the gyro with steak

This place opened up a few months ago near the Victoria Gardens.

I got the great Greek gyro wrap (\$10.95) which was filled with chopped lettuce, tomatoes, red onions, tzatziki, and feta cheese; I got it with lamb meat for extra. They do ask how you prefer your meat cooked and I had asked for it to be cooked well. The chunks of lamb was still tender and the lamb taste wasn't as strong. I asked for a side of feta fries which is mozzarella and feta melted onto crispy fries with a lemon wedge. The lemon went well with the feta.

The baklava was still crispy the day after I bought it. The syrup is not too sweet and they did not go heavy-hand with the amount.

I also bought a gyro platter and a Four dip combo (\$15.95) sampler plate to try their appetizer selection. The gyro was tender and not salty, the meat was cut nicer and not too thin. It came with pita bread and chopped red onions.

The tzatziki was not as tangy with bits of thinly sliced cucumber and olive oil. They gave me plenty of pita bread to dip into the sauces. The tirokafteri was rich with the cream cheese, roasted peppers and feta cheese. The hummus was good along with the melitzanosalata dip which was roasted eggplants with olive oil and lemon juice.

I tried their avgolemo soup which is a lemony chicken broth with bits of chicken and rice.

The staff is nice. Plenty of parking outside and a large amount of seating inside. They also gave me a branded yelp water bottle for the event.

Thank you to Mylesha and the Great Greek crew for hosting!

What a pleasant experience this was. Upon entering, I was greeted by the team. The restaurant is clean and open with plenty of seating indoors and a couple of seats outside.

What I ate: I started with a spinach and feta cheese spanakopita. It was light and flaky. My entree was the chicken skewer plate with rice and pita bread with tzatziki. The chicken was tender and juicy, and everything was very flavorful. The Greek salad was so refreshing, and they don't skimp on the feta! Dessert? Fresh out of the oven baklava. Everything was made to order and so delicious.

Food aside, I have to highlight the customer service. Edwin was a gem. From the moment I walked in, stepped up to the counter to order to the time I exited and he was consistently providing that same great service to every guest that came into that establishment.

This was a really great treat. Thank you Great Greek & Yelp CM & Team for putting this together and inviting me.

Parking is around back. I thought my map had the wrong addy but this places is tucked away next to businesses. Came on a Monday evening so Peking was not an issue. Them seem to have tons due to businesses nearby as well.

I got the gyro meat plate with fries and baklava ice cream. Pictures looked great so I decided to try it out.

They had what sounded like authentic Greek music playing. They have two small tvs playing Monday night football.

The side salad was very fresh and refreshingly light. Had olives, red onion, romaine latte ice and feta cheese.

The gyro was so good!! I added the white sauces they gave me, tons of garlic hot sauce and squeezed the lemon in it as well! My mouth and tummy were so happy! The pita bread was so soft, the meat was extremely tender, perfectly Sliced & packed With flavor. The tomatoes and red onions gave it a little more zest. The combination of it all was really tasty! It came with fries too.

Service was impeccable. Brought my god out with and neatly packed my baklava ice cream to go. I was full so had to eat my dessert later.

The ice cream was good. I tasted honey and nutty tones. Different but in a good way! I loved it as well.

Overall, very pleased with this meal. So filling!

This has been my favorite Yelp event to date! The Great Greek Med Grill is sooo generous with their complimentary items. I was offered such a massive amount of food that I had leftovers to last me through the weekend :) Thanks to The Grill and our wonderful CM for organizing this awesome event!

First things first... Parking and check in were super easy. The restaurant was clean and well air conditioned even though it was blazing outside. Large space, not very busy. The quiet and casual atmosphere would be ideal to do some light work or catching up on emails.

I tried the salad, the steak tenderloin bowl with fries, and the baklava ice cream. I got everything without feta because it's not my thing, but the salads usually come with it and there's an option for feta fries too.

Firstly, the salad was delicious. The crisp and fresh veggies went down so easy with the warm pita and creamy tzatziki. The pita was incredibly soft and bready. I was really impressed. The yogurt sauce was flavorful and super savory. It's a great all purpose sauce. I ate it as a salad dressing, as sauce for the steak, and as dip for the pita and fries... I'd buy a bottle if I could!

I did notice that the salad seemed to have been tossed in oil. I'm a bit of a health nut, so I would have liked to have been asked if I wanted the oil dressing on the side. Otherwise very yummy though.

The entree was really great as well! I received a really generous portion of steak kababs and crispy fries hot off the grease. The steak was tender and perfectly medium rare. I loved dipping the fries in the baklava ice cream (IYKYK) which was so heavenly to have on such a hot day. Very creamy, very sweet, topped with slivered almonds. I initially wanted to try the rice pudding but they were sold out, but the ice cream did not disappoint.

I'll be back soon, 100%! I had no idea this place had opened, and I'm glad I was able to find a new favorite lunch spot thanks to this event.

We also got a side salad and dessert and drink. I somehow ended up with a full salad. I also ordered the Baclava. Food came to my seat. I saw some received swag previously. I was offered none. Maybe they ran out. The Gyro was huge! It was a tad salty, but it was tasty and filling. The salad was fresh. The baklava was soggy. It was drenched in a sauce. Too sweet. Overall, good service and tasty food. The portions are generous and hit the spot. The dining room is decent size and very quiet. Perfect for a quiet meal alone or a date night.

When there were some mix-ups on the order, the staff was very accommodating to fix it promptly. This is a nice place for a casual lunch. I'm also not usually a huge fan of rice pudding because of the texture, but I have to say this dessert here changed my tune. I chose the the Great Greek Plate with gyro meat and rice pilaf and the baklava for dessert. I appreciated that the plate came with a side salad, so you can get some greens with your meal. The rice pilaf was savory and nicely seasoned. My entree consisted of gyro meat wrapped around pita bread with red onions, lettuce, tomatoes, feta, and tzatziki sauce. It was definitely filling, and I appreciated that every bite had a combination of different flavors from the savory meat, refreshing vegetables, and creamy sauce. I got to say, this place is amazing with friendly service, cleanliness, and great food! It's my new to-go spot for Mediterranean. Sorry Daphnes in Ontario, this place is closer and tastier.

The Great Greek gyro was so good! I love their cottage cheese/greek yogurt that they added. It makes the gyro taste creamy and compliments the flavor. The gyro meat is seasoned well and not dry. The veggies have a nice fresh crunch and give a nice texture to each bite, also giving it a lighter feel.

I went around closing time, about 15 minutes before they were about to close and I was glad that they still allowed me to order. The cashier was friendly and was helpful and guided me through my ordering process.

The spot is actually really cute and pretty clean. A little weird with their combination of lights though. Kinda hard to find cuz it's in a pretty dark plaza next to a Dunkin and Firehouse subs.

The folks behind the counter are really nice. They did mess up my order multiple times and it's okay. I think they're super new and haven't gotten their buttons in order.

The food was still really good though. Loved that they asked me how I wanted my protein cooked. Well seasoned meat and rice pilaf and really good tsaziki. I didn't care for the feta fries but the fries were well made with plenty of crunch and a nice dense fry. I wanted the baklava but ended up with the baklava ice cream. It was still absolutely delicious and couldn't stop eating it.

Will absolutely come back another time to try something else. I hope they improve their order taking skills though.

Thank you Yelp for allowing me to take part in my first yelp elite event!

This was my first time trying a gyro and it was so good! The meat was very tender and flavorful. I got the rice as a side and I'm really glad I did because it tasted really good. I bought the Tzatziki sauce to go with my Pita bread that came with my salad. I didn't realize they include Pita bread with the sauce so I had so much at the end!

I got Baklava as my dessert and although it was on the sweeter side, it was still great and I recommend it.

The service was awesome! 5/5

Although you pay up front, they bring you your food to your table and they clean up after so I recommend either tipping up front when you pay with card or at the end you can also add cash to the TIP jars (they have 2).

First and foremost, thank you to The Great Greek and Yelp for this event, and my water bottle Yelp swag!

The store was very modern and clean inside and I was immediately greeted by a friendly young woman. Unfortunately, my name wasn't on the list not sure what happened there...but I had my confirmation email and the DM, Michael, came over and took over to get me taken care of.

I decided to go with the souvlaki chicken plate with rice pilaf, the side salad and the baklava for dessert. Overall, it was all pretty good. I really enjoyed the lemon flavor on everything. The chicken was slightly dry, but paired with the tzatziki sauce (I really liked the flavor on the sauce) on a piece of pita, it was still good.

I also ordered separately a side of the lemon potatoes to try and the baklava ice cream. The potatoes had good flavor but were a much more softer potato than I would have liked. I was also disappointed when I found out the ice cream wasn't available after all, but Michael quickly replaced that with the Mom's rice pudding and it was delicious.

I was there during the lunch hour and everything coming out of the kitchen looked delicious and made me want to come back again to try more. I also liked that they offer catering - I think it'd be great to order large portions of this type of food for parties. Looking forward to trying more next time.

Thank you to Yelp and The Great Greek Mediterranean Grill for this event! I'm so glad an Elite Week event happened so close to my office :)

I thought the restaurant would be more of a mom and pop vibe, but the interior was very clean and modern. The customer service was very friendly and I had my meal within 10 minutes of ordering.

I got the chicken souvlaki plate with rice pilaf. This was a great lunch! I loved the tzatziki; it was more of a yogurt consistency vs. a dressing consistency.

The baklava was dry like other reviews mentioned, which is funny because it was also loaded in syrup. I wouldn't opt for a baklava from a Greek place anyways, so this wasn't a big deal for me.

Thank you @ieyelp, our CM Mylesha and @greatgreekgrill for a most delicious opportunity to try this new restaurant!

Great Greek is located right off Foothill Blvd in a somewhat quiet and hidden shopping center. There is plenty of parking here and a few other restaurants including a Dunkin Donuts.

The restaurant is clean, has plenty of indoor seating, and a few tables outdoors too.

My hubby and I arrived dinner time on 10/4. There was a young gal at the register who was super sweet, friendly, and helpful. I had their Chicken Souvlaki plate with feta fries and a salad. The chicken was tender, extremely flavorful and delicious! The fries were crispy, topped with seasonings and feta cheese, and was surprisingly delicious too. I also enjoyed their salad- fresh and also full of flavor. Hubby had their lamb souvlaki plate with rice pilaf. He raved about this dish and said he would definitely order it again. We ordered their Tirokafteri appetizer- roasted peppers, feta and cream cheese served with pita bread and found this to be generously portioned and addicting! We ended our dinner and shared the rice pudding and Baklava ice cream. Both were amazing- not too sweet and something I would order again too.

Welcome to Rancho Cucamonga Great Greek! With your Great food and Great employees- I look forward to returning!

Thank you Mylesha and all the staff at The Great Greek! The inside is large and clean. There were two persons working the register so my order was taken quickly. Our salad came out quick and was really tasty for not having a special dressing. The cheese was super fresh. The chicken skewers were good, but a little dry. The tzatziki sauce on the side was a great addition. The feta fries were perfectly made. I also ordered dolmades and they were so good! The kids pizza was a good size and the rice that came as a side option was also tasty.

Awesome event organized by the IE Yelp team and CM! After parking in the spacious back lot, I entered the building and was immediately greeted by friendly staff members. There were plenty of tables inside, with 2 TVs mounted on the walls, a soda machine, and a gender-neutral bathroom. It was very clean and new inside, as I believe their grand opening was just earlier this year in July 2023.

I checked in my name and was given a large Yelp reusable water bottle, which is a great perk to receive. I ordered the Australian Lamb Souvlaki Plate, which came with 2 skewers of Leg of Lamb (cooked to medium), 4 pieces of pita bread, 2 lemon slices, and a generous portion of rice pilaf (which included tomatoes and red onions). I also got a side Greek salad (which consisted of romaine lettuce, olives, onions, tomatoes, cucumbers, and feta cheese) and a large drink (I choose Dr. Pepper).

The lamb was juicy and tasted delicious with just the right amount of seasoning. The tzatziki sauce was an excellent complement to the overall flavor of the meal, and the salad dressing was on point as well. As a big fan of Mediterranean food, I would definitely come back again to try their other food items (gyro, chicken skewers, steak skewers, grape leaves, falafel, hummus, feta fries, and baklava ice cream!)

Thanks Yelp, Mylesha, and The Great Greek Mediterranean Grill for the delicious dinner. I enjoyed everything I tried, especially the rice pudding (I'm a sucker for desserts!). I thought the service was excellent for a quick service restaurant and appreciated the staff periodically checking in and being patient during ordering. The restaurant is spotless and comfortable and I can't wait to return to try more delicious Greek food!

Thank you yelp for the opportunity to review this event! This restaurant is located in a nice area, and the inside is clean and spacious. There is a register to order at the front but the servers bring you your food once it is ready. I really liked the Greek salad, it was so refreshing and had lots of flavor! The feta fries were delicious, they had melted feta cheese on top and were crunchy. The gyro was also very flavorful and a decent size, very filling and had the perfect amount of meat to veggie ratio. The staff were pretty nice, and the wait time was decent. Would recommend this spot if you'd like to try Greek food :)

I ordered the chicken entree with a side greek salad and baklava. And was a very filling lunch! The chicken and rice was well flavored, and the baklava was perfectly sweet but not overly sweet! My only mild complaint was that during the lunch hour, I tried to phone in my order and was put on hold, and was a little tough to get a call through, but that is to be expected with a newly opened restaurant at lunch. Overall a good experience!

Thank you Yelp and Mylesha for this really nice event with the GGM!
The service was really good , the guy taking our order seemed really to take interest in each person and was conversational.
He explained everything well in terms of how the Yelp we code works. He was still working out some of the "kinks" but realized it when he told me my total and then said oh never mind! Lol
I ordered lamb entree with FETA FRIES , salad, and the baklava for dessert.
The Lamb was well seasoned and but I wish I'd ordered it cooked a bit longer. It was medium but I should have asked for med well. It would have made it more tender. But I definitely enjoyed it along with the Taziki sauce and fries that had the nice seasoning on them and the cheese was crisp on top. The salad was fine typical Greek salad with kalamata olives.
BAKLAVA: it wasn't your typical baklava (in my opinion) it was more of a pastry with pistachios in it. Thank you Mylesha and Yelp again for this event and your generosity!
I will be back to this place for my future Greek /Mediterranean cravings. Was there SWAG? If so I didn't get it. I saw others say they got a water bottle. I got nothing.

First of all, thanks to Yelp and Mylesha for setting up this event for us! I called ahead to place my order and spoke to Mike, the general manager! He was super friendly and helpful in getting my order in! The place ample parking when I arrived and was super clean inside! I got the steak souvlaki entree with salad and Baklava! I have to say the portion size was huge, food was fresh and everything was delicious! Will definitely be back for more Greek food in the future for sure!

First off thank you for this experience. Was greeted right away when entering. It was very nice and clean. Gender neutral restrooms. If you have a baby or toddler they also have the high chair and booster seat. A coke machine. And There were fresh flowers on all the tables which were a nice touch.
I ordered beef skewers with feta fries and a hummus, baklava and a salad. Very generous servings and very tasty. I got the beef skewers medium rare and the flavor was so fantastic. Everything tasted amazing. Only thing for me personally I would have liked the hummus creamier. But my husband loved it and scarfed it down. That is just a preference for me but other than that we plan on adding this to our rotation when getting food. And I will for sure be getting the baklava ice cream next time. The manager was so nice and friendly. I need to look at the menu again and see if they offer a catering package.
